July 2026 News from the Office...

Want to give a special thank you to all our daddies that attended Donuts with Dad back in June! I know our little chairs are so small for you guys, but the kids really appreciated having you there and I appreciate the effort! Hope you all had a fantastic Father's Day!

*The center will be closed from June 27th—July 5th. You will not be assessed tuition for this week. We will be re-opening at our usual time on Monday July 6th.

During the month of July, we will host our annual donation drive for the **Toledo Lucas County Humane Society**. Any child that brings in a donation for the animals will receive a special thank you treat. It only has to be something simple—a can of dog or cat food, a bag of treats etc. We appreciate all your support for this worthy cause (it's one of my favorites as I have adopted my dogs from them!). We do this every year to of course, help out the kitties and puppies, but more importantly, we use this opportunity to help teach our little friends about the importance of giving to others and the pride that one feels when being selfless. Whatever you can do is much appreciated. I am attaching a list at the back of this newsletter to assist in items needed for donation.

The Center's rates will be increasing on August 3rd, our new rates will be sent to you with August's newsletter. Before you write your checks that week, check with someone in the office so we can adjust your security deposit as well.

Happy 4th of July to all of you! Stay safe and have so much fun!

Lucas and Lincoln both turn 1 this month, we will be welcoming a new student and Logan will be moving up to Miss. Nikki's class! Our themes this month are: 4th of July, Beach, Under the Sea, and Ice-cream/Sweets. July 10th is also Baseball day. Please dress in your favorite teams/team colors. We also have Luau day on the 17th, a few center wide picnics and the school age jewelry sale. So be sure to check the calendar to see all the fun things planned. As a reminder if you haven't already please sign our updated topical cream/diaper cream form and our field trip form for walks. Now that its consistently warmer we would like to get outside when we are able.

Miss Angel—Schoolage I News

This summer is going by so fast—I hope everyone is having a great summer and staying cool. The kids have been having a ton of fun on all of our field trips. Thank you for being so on top of signing permission slips and making sure the kids have everything they need. Some field trips that I am looking forward to this month are Johnston's Fruit Farm and Coppermoon Studios. Please make sure your kiddo has their bathing suit, water shoes and a towel here at school for the days we play in the sprinkler. Coming up in the next few weeks when it is a million degrees out, we actually cannot go outside unless we are playing in the water.

After our break for Independence Day, we'll come back to school and learn about baseball and a few other sports. We'll practice our teamwork skills and following directions. Amazing Athletes, a program that works with the schoolagers here at school, teaches the kinds the ins and outs of all kinds of various sports, so we'll be reflecting on some of the things we've been learning during that week. In between field trips, the rest of the month will be spent learning about the ocean and other sea creatures, and we'll also do a lot of creative cooking and talk about our favorite sweet treats.

My July student of the month is Christopher. Chris started at LVP this summer, and we are so happy to have to have him! He is an octopus enthusiast and can literally tell you all the different variants of octopuses, which I did not even know was a thing! He's funny and loves playing with everyone in the class.

I can't wait to see everyone back here after the holiday. Be safe and wear lots of sunscreen!
